Who we are

***Professor José Barbosa Leite Neto**, enthusiast of Cooperativism, with a long life trajectory and experience in the Brazilian mining sector, as well as in other segments such as: AGRICULTURE, FAMILY FARMING, PISCICULTURE, INNOVATION, TECHNOLOGY, ORGAN MINERAL FERTILIZERS, CARBON, SUSTAINABILITY, SOLID WASTE RECYCLING, RENEWABLE ENERGY, SOLAR ENERGY, REFORESTATION, RECOVERY OF DEGRADED PASTURES, SOCIAL PROJECTS having written important projects for different types of minerals, in various parts of Brazil, as well as being recognized for being very active in the area of Cooperatives, Sustainability and Family Agriculture, in coexistence with miners from different parts of the country, observed the precarious conditions in which they worked, even when united in Cooperatives.*

Who we are

Feeling that they needed more strength, union, respect for the environment and representation, he had the idea, created, planned and wrote the first national project of an INTEGRATOR OF GARIMPOS, GOLD MINERS PROSPECTORS, INDEPENDENT MINING COOPERATIVES, thus creating, in this way, the Company GOLD LION MINERAÇÃO, PROSPECÇÃO E ARMAZÉNS GERAIS, SOCIEDADE INTEGRADORA DE GARIMPOS, GARIMPEIROS E MINERAÇÕES INDEPENDENTES LTDA. which includes GOLD MINERS PROSPECTORS COOPERATIVES from all over Brazil. The most important of which is COOPGAVIN in the state of AMAPÁ - BRAZIL.

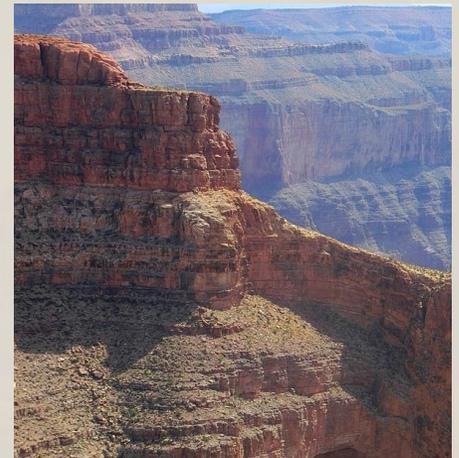

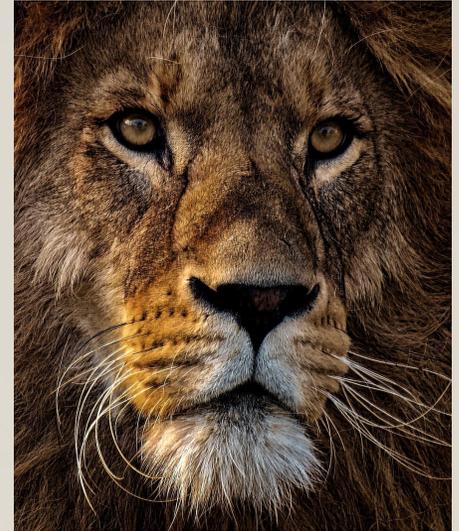

Mission and Values

Mission

Our mission is to bring a better quality of life to the miners, to the great Rural Producers, to the ranchers, to stimulate the Cooperativism, to preserve Nature, to preserve the environment, recycling the mining tailings in a self-sustainable way, giving them the greatest and best possible economic use, producing with SOLID WASTE RECYCLING - (GOLD ORE TAILINGS), excellent economic results in the integration with other activities such as TRADITIONAL AGRICULTURE, PASTURE RECOVERY, LIVESTOCK, FISH FARMING, REFORESTATION, FAMILY AGRICULTURE.

Values

Ethics, Morals, Honesty, Truth and total commitment to the cause of Ecology, the environment, love and respect for Nature, Sustainability, Cooperativism and economic development of Brazilian miners.

Products

**Full use of GOLD ORE TAILINGS, generating with the leftovers
from the recycling of these solid waste:**

- MINERAL SOIL COMPLEMENTS
- NATURAL MINERAL FERTILIZERS
- ORGAN MINERAL FERTILIZERS

Mining

FROM GOLD ORE TAILINGS, Extraction of:

- Gold, Silver, Palladium, Platinum and Columbite Ore
- Niobium
- Titanium
- Tantalite
- Silicon
- Auriferous Sands
- Gravel
- Boulder
- Rolled River Pebbles
- Crystals

Industrial and Market Production

- Soil Corrective Complements
- Soil Reclaimer Add-ons
- Organo-Mineral Fertilizers
- Complements to recover degraded pastures
- Organo-mineral fertilizers for Family Farming

Services

- CREATION OF FUTURE MARKET ROLES
- GENERATION OF TRUSTWORTHY GUARANTEES
- GENERATION OF BANK GUARANTEES
- GENERATION OF DEPOSIT CERTIFICATES
- GENERATION OF FUTURE GOLD CERTIFICATES
- WARRANTS GENERATION
